

## THE QUEST

Every child of God, searching for the truth  
One day will begin The Quest.  
I'm searching for direction, and ready to pursue  
Wisdom to face my test.

### Chorus

**I will search, I will pray  
Travel this road of faith  
I will reach for the truth  
And go where it leads me to  
And I will not rest, I'll never give up on *The Quest*.**

A beacon shines it's light, into every life  
Reaching out to bring us home.  
I see my destination, and one day will arrive  
And find the truth I've always known.

### *Repeat Chorus*

The road has not been easy,  
I've come a long, long way  
But this journey has not ended,  
So until that day...

### *Repeat Chorus*

## **IN YOUR NAME**

In your name this whole world came to be,  
And by your hand you dried the land and set Israel free.  
Every hour heaven's power falls on man,  
Given to the chosen who will follow your command.

### **Chorus:**

**There is no foe too large for me to face  
And if you ask, I know that there's a way  
I will not fear, you sent me here,  
And that's where I'll remain  
With power in your name.**

Make of me anything that you need,  
I will go, whatever size the enemy.  
Place me at the battle's front, sword held high,  
I'll show my faith, and run the race with you by my side.

***Repeat Chorus Twice***

## **THE LORD LOOKS ON THE HEART**

If one looked on the outside, what would he see?  
Something far from what I am trying to be  
So rough around the edges, still trying to get it right  
But that's a situation I may live with all my life

There's someone on the inside that waits to be set free  
Someone great I know I was always meant to be  
I know my day is coming, when I'll blossom as the rose  
But when it comes and how it comes, heaven only knows  
Heaven knows

### **Chorus**

***I know there's something meant for me  
And in my heart I do believe  
There's so much more to who we really are  
I know somewhere my destiny is written in the stars  
While the world looks on the outside, I know  
The Lord looks on the heart***

There's One who is on my side, with me all the way  
And because of him I know I grow stronger every day  
He sees not who I am now, but who I can become  
He gives me hope, he gives me strength to hold on 'till He comes  
'Till He comes

### ***Repeat Chorus***

## STILL WAITING

Something's wrong with this picture  
I've watched the images fade  
Things I once believed were black and white  
Are suddenly grey.

I can't hide what I'm feeling  
What's the purpose of my faith  
If the good are made to suffer  
While the wicked walk away

*Chorus:*

*They say choose the right and you will walk  
With heaven watching over  
Take your side and you will never fear  
Surrounded by my questions,  
I'm still waiting for an answer  
And something tells me I won't find it here  
I don't need this...*

If there truly is a heaven  
And we're not simply left to fate  
Where's the justice for my brother?  
Where's the mercy for my pain?

*Chorus:*

*They say choose the right and you will walk  
With heaven watching over  
Take your side and you will never fear  
Surrounded by my questions,  
I'm still waiting for an answer  
And something tells me I won't find it here  
I don't need this...*

*No I don't need this anymore*

## **CHILDREN OF THE LIGHT**

*1 Thessalonians 5:4-9*

*“But ye, brethren, are not in darkness, that the day should overtake you as a thief. Ye are all the children of light, and the children of the day: we are not of the night, nor of darkness... But let us, who are of the day, be sober, putting on the breastplate of faith and love; and for an helmet, the hope of salvation. For God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ..”*

No more denying what we know is right  
No more ignoring the call He's made to you and I  
The choice is placed before us, we have but to decide  
He's looking for the Children of the Light

No more in darkness, night has turned to day  
No more in weakness, all our fears are swept away  
He will lead and guide us, will we be at His side?  
He's looking for the Children of the Light

### **Chorus**

***He is looking for His children who are ready to be strong  
The time has come to choose who's side we're on  
A fire burns within us, and if we hold it high  
Then we will be the Children of the Light***

No more as strangers, He will call us friends  
Dressed in the armor of faith and love, we will defend  
All our fathers stood for, prepare to join the fight  
He's ready for the Children of the Light

### ***Repeat Chorus***

Could He have saved us for this day?  
Preparing for when He comes, were we the chosen ones?

### ***Repeat Chorus***

***Yes we will be the Children of the Light***

## **SOMETHING WONDERFUL**

*It's so incredible, after all of my searching, all of my longing  
I've finally found where I belong,  
Where I know I'm truly meant to be.  
If you could only see me now  
Everything's changed, it's like the darkness has lifted,  
And I've been led into a bright new day.*

On my own, full of fear  
Almost washed away  
With all my heart I prayed  
Then I reached out my hand, now

### **Chorus**

***Something wonderful is happening to me  
The daylight is brighter than I ever thought it could be, and  
Something powerful touches all things that I see  
No longer afraid, I can finally say I believe  
Something wonderful's happening to me***

I will take a step forward, and never look back  
Letting my heart lead the way  
Sure of myself, always knowing that I would find  
My place, someday

### ***Repeat Chorus***

***Something powerful, incredible,  
Wonderful's happening to me.***

## **A HAND TO HOLD**

Empty, seeking to find  
Comfort; peace for your soul  
Questions troubled your mind  
Not knowing which way to go  
You were searching for a hand to hold

Sometimes lost and afraid  
When cruel winds started to blow  
Not easy finding your way  
Drifting without a goal  
You were reaching for a hand to hold

### **Chorus**

***Child, you've been searching  
Ever yearning for your home  
Calling the one who made you  
For him to take you from the cold  
You were searching for a hand to hold***

Left with only a prayer  
Believing you were alone  
Angels must have been there  
Placing your feet on the road  
You were waiting for a hand to hold

And given the time,  
I knew you would find where you know you belong

### ***Repeat Chorus***

***He will guide you, stay beside you,  
Go before you, and bear your load  
Consider all he's given  
And that's the reason you can know  
You will always have a hand to hold***

***Child, He wants us to know  
We will always have a hand to hold.***

## **BROKEN**

What have I done?  
Can it be?  
I have fallen,  
Fallen so easily.

I bow my head,  
Under the weight,  
of my burden.  
Or is it to hide my face?

*Help me, my heart is broken,  
My eyes wide open to what I've done.  
My heart is broken.*

Drowning in shame,  
There is no peace  
for my spirit.  
Have I fallen beyond Your reach?

I cannot undo  
this trail of grief,  
left in ruins.  
What will become of me?

*Help me, my heart is broken,  
My eyes wide open to what I've done.  
So helpless, I kneel before Thee  
and pray that mercy can overcome.  
My heart is broken...  
... Broken*

## STAND AS A WITNESS

I have felt the power of his love  
Flowing down to rest upon my soul  
I have knelt for knowledge from above  
And his quiet whisper let me know

That he has placed a flame inside of me  
I feel the need to share it, now for all to see, so

### Chorus

*I will stand as a witness, carry his light  
Shining hope into each life that's fallen dim  
I will stand and be counted, prepare myself within  
As a daughter of promise,  
I will stand as a witness of Him*

I have known the sweetness of his word  
Felt a seed of faith begin to grow  
I have seen the joy in those I serve  
How it feels to come into his fold

Living with his love inside of me  
I feel the need to reach out to heaven's family, so

### *Repeat Chorus*

*As a daughter of promise,  
I will stand as a witness of Him*

## **SWEET MERCY**

There was a time, when I was younger  
My faith, my hope in God could not be stronger  
He had given me a life of promise  
Somehow I threw it all away

I knew the pain, I felt the sorrow  
A million tears of shame fell on my pillow  
Oh how my heart cried out to be forgiven  
Somehow my humbled words found their way to heaven

### **Chorus:**

*Sweet mercy now surrounds me  
Sweet mercy has finally found me  
I know I will live, knowing He will give  
His sweet mercy to me*

He lifted me out of the darkness  
He made a stronger soul out of my weakness  
He worked a miracle with my spirit  
I'll sing my song of joy, so the world will hear it

### ***Repeat Chorus***

With all I've done, how could He forgive?  
But He wants me to just look up and live

### ***Repeat Chorus***

## **THE QUEST / SWEET MERCY (Reprise)**

Sweet mercy has finally found me  
I know I will live, knowing He will give  
His sweet mercy to me*

Every child of God, searching for the truth  
One day will begin The Quest.

**I will search, I will pray
